YOUR JOURNEY AWAITS

Views from the top of the Hump Ridge

The Tuatapere Hump Ridge Track winds 53 kilometers through some of New Zealand's wildest land, leading walkers through the pristine Fiordland National Park where it meets with our southern ocean.

We are very proud of this challenging experience we can offer you. You walk over the largest wooden viaduct in the world, relax in specially built remote lodges and have a good chance of seeing our rare Hector's dolphins who live at the old wharf.

We are confident it will be one of those treasured memories which will make you smile when you are sharing your adventures with friends and family.

OUR FACILITIES

Our lodges are fully serviced with flush toilets and gas fires.

Whichever package you choose we provide all your cooking equipment and gas (You won't need to carry pots, pans and plates along the track).

In the morning we'll make your breakfast – hot porridge to give you lots of energy before you head off for the day.

Don't forget to bring some cash – we offer refreshments and snacks for sale at each of our lodges!

Our summer season starts in October and finishes at the end of April. It is still possible to book and walk the track during some of the winter months but most of the services we normally provide will not be available.

Below Left: Heli lift or pack options available on request.
