

COME & ENJOY A PIECE
OF OUR PARADISE

Blowholes Beach, day three

- Kick your shoes off – feel the gorgeous golden sand beaches
- Appreciate one of only two beautiful bays in the world the rare Hector's dolphin calls home
- Wander through marine terraces with pristine beech and podocarp forests – ancient, delicate and unspoiled
- Photograph or just admire the many stunning alpine backdrops and settings
- Treasure the moonscapes of tors and tarns on 'top of the world'
- Soak up the sunrises, sunsets and magnificent scenery
- Explore historic relics and cross unique viaducts, imagining the hard work undertaken years ago
- Relax in our lodge facilities – you will have a private room with super king or twin single beds

YOUR JOURNEY AWAITS

The Tuatapere Hump Ridge Track winds 53 kilometers across some of New Zealand's wildest land, leading walkers through the pristine Fiordland National Park, over private and Maori land, until it meets with our southern ocean.

You are amongst many tors and ferns walking along our Okaka loop track at the top of the Hump Ridge

One of the many things that makes the Tuatapere Hump Ridge Track so special is its diversity. Due to our location and the chosen terrain, you will experience the many natural transformations of our native rainforest, wander along the impressive Hump Ridge taking in its expansive 360 degree panoramic views, learn some of the history behind the record breaking viaducts you walk over and marvel at our untamed, golden sand beaches.

We are very proud of this challenging experience we can offer you. From our friendly kiwi hosts and our specially built remote lodges, to our fine NZ food and wine and the beautiful places we offer for you to explore.

We are confident it will be one of those treasured memories which make you smile when you are telling friends and family of your adventures.

Blowholes Beach

LET US SHOW YOU THE WAY

Choose our guided package of three nights and three days, including private super king or twin rooms and all meals. Small groups – a maximum of 10 people.

You can take pleasure in walking at your own preferred pace. We will fly your pack to the lodges, so all you need to carry is a small day pack (for your packed lunch).

You will absorb our local guides extensive knowledge and anecdotes of surrounding rainforests, birdlife, geology and local history.

View of world renowned Waitutu Terraces from the Hump Ridge

A BRIEF ITINERARY

Pre-Tramp – Your adventure begins with drinks and nibbles at our office, where you learn about the track and get to know your guide before checking into your accommodation.

Day 1 – A short helicopter ride over Te Waewae Bay leaves you at the start of your walk. You will climb up to the top of the Hump Ridge and when you arrive at Okaka, our lodge 'on top of the world' all you will have to do is unwind, admiring the views and of course, take a hot shower. You will feel at home with our lodge manager's local cuisine and hospitality.

Day 2 – After breakfast you wander down the Hump Ridge, along the tram line and over the mighty wooden viaducts to the historic Port Craig village. Our guide will share many stories from the days when Port Craig was a bustling sawmill town in the 1920's, if you are interested in the history and relics that surround Port Craig, choose to take the interpretive trail or just meander down to the beach and spy our resident Hector's dolphins who live at the old wharf poles in the surf. Awaiting you at the lodge, our friendly lodge manager will welcome you to your room and you can once again enjoy their hospitality while taking in your new coastal backdrop.

Day 3 – To complete the track, you will first walk out under forest canopy, then along our beautiful beaches – one named Blowholes because of the ring of rocks the waves blow up through as they come to shore – a spectacular finish to a fantastic trip!

You can not drive to see our rare, historic viaducts – but our walking track takes you over them, as the steam engines once did.

You can not drive to our panoramic lookout on top of the Hump Ridge – but you can climb the ridge and marvel that 'it was worth it' when you see where you came from.

You can not drive to our lodges – but they are a welcome luxury after your days walk through our beautiful piece of Southern Fiordland.
